Dear Peter

Firstly I would like to thank you for the great RPL. I really believe that its was done with great professionalism and very user friendly. What I liked about it is that you get to know people because you do the RPL in groups which is a very positive step. I really do not believe that a course like this can easily be done by one single agent on he/she own. I also like the fact that we can show you all the work we have accomplished(how much we have sold etc)and all the courses and sport certificates we have accomplished as well. In actual fact the positive is that you actually get to know the person. It is about time we agent have some sort of diploma that is respected in the property industry and that in the good and bad times the so called riff raff without the a diploma cannot just jump onto the band wagon. I applaud you with a project well done and hope you grow from strength to strength.If you have any queries please do not hesitate to call me on 0829741128.

Kind regards

Enzo
